AFTER ACTIVITY REPORTS

For the reporting period 01 Oct 2011 to 23 Jan 2012, only 10 AARs have been submitted through the eServices reporting module: 1 Wing; 1 Group; and 8 Squadron-level. AARs are *required* to be completed within 15 days of an activities' completion which has received funding (materials) through the DDR program and *should be* completed after each and every activity, regardless of funding. It is very important we do so as it is the only way we have of tracking our participation and justifying the funding/support that we receive from the AF Surgeon General.

ACTIVITIES

PAWG Conference 12 Nov 2011

Presented the newly revised DDR program to a group of approximately 50 cadets (See attached Conference notes for further information). The scheduled 30-minute Senior Seminar turned into a complete fiasco and an almost complete waste of time. The conference room was only available for a total of seven (7) minutes and only four (4) Senior stopped by, looking for promotional materials to use. Until appropriate measures are put into place to prevent this from happening in the future, no further Senior seminars will be scheduled.

NEW PROGRAMS / RESOURCES

National is currently promoting two (2) new programs. They are the "Kick Butts Day" (www.kickbuttsday.org) and the "Cadets Leading the Way to Your Future" speech competition (www.capmembers.com > Cadet Programs > Drug Demand Reduction > DDR Resources > Program Tools). Please see the included links for more information.

ASSISTANT DDRO

I am pleased to announce that Maj. Annette Carlson has recently accepted the position as Assistant DDRO for the Pennsylvania Wing. Please join me in welcoming her to the DDR team!
